ABOUT THE COURSE

School of Mortgage Banking II: Managing Profitability and Risk in Mortgage Banking emphasizes effective organization and management of the production, servicing and secondary marketing departments for the purpose of controlling risks and maximizing bottom-line profits. This course covers developing new markets, production management, servicing portfolio management and valuation, marketing risk management and pricing strategy.

LEARNING OBJECTIVES

Upon completion of the course, students will gain perspective on:

- Developing new markets
- Production Management
- Servicing Portfolio Management and Valuation
- Secondary Marketing Risk Management
- Pricing Strategy

DESIGNATION INFORMATION

Attendees of SOMB I earn 15 points toward MBA Education’s Certified Mortgage Banker (CMB) Designation, or the Accredited Mortgage Professional Designation (AMP).

TARGET AUDIENCE

Students who are not working toward AMP designations do not need to complete SOMB I to enroll in this comprehensive course. Only students who intend to acquire their AMP

designation need to first complete SOMB I and pass the exam.
