

# TMBA 2018 EDUCATION WEBINAR SERIES

March 21, 2018 (Wednesday) | 10:00 am CT

## Online Closing and eNotarization with Stewart

### DESCRIPTION

Digital Mortgage transformation is happening across the mortgage industry. While most of the initial focus has been on the origination and manufacturing process, focus has now turned to the closing and settlement process. Lenders are now actively looking to add closing options across the eClosing spectrum.

Additionally, the TMBA led the country in implementing Remote Online Notarization ("RON") by passing what has now become the model legislation adopted by the Mortgage Bankers Association (MBA) and the American Land Title Association (ALTA). This was a huge accomplishment for our association. With Texas coming on board in July 2018 and over 30 states looking closely at eClosing, eNotarization and RON, this webinar is intended to provide an overview of the various eClosing options and discuss the impending implementation of the RON bill in Texas and beyond.
