TMBA Leadership Indefinitely Postpones 104th Annual Convention

Fellow TMBA Members,

First and foremost, I wish you all well as we navigate the constant changes facing our nation right now. The velocity of news and guidance is beyond anything we could have imagined. As such, we have some very important matters to address with respect to the TMBA.

104th Annual Convention

Over the weekend, the City of Austin issued a health order prohibiting meetings of 250 people or more through May 1. Also over the weekend, the CDC recommended that group meetings over 50 people be postponed for at least eight weeks. Obviously, at a minimum, convention will be postponed for an indefinite time because of the orders and evolving CDC guidance. We will continue to evaluate our options for future dates, but at this time, I am sad I will miss seeing so many of you in April. Many sponsors have indicated that they will not seek a refund from us, recognizing the importance of this event in meeting our annual budget. To them, I offer sincerest thanks. The TMBA will however, honor any request for refund should you or your company seek reimbursement.

Annual Meeting of Membership

Additionally, the luncheon on 4/21 would have served as our annual meeting this year. It is required that we hold an annual meeting of the membership per our bylaws. At this meeting, the Nominating Committee slate for board members and officers of our association would have been up for vote by you, the members. It is vital that we find a way to take this vote in the coming weeks. We are planning to ask the membership to join us on a web conference sometime near the original dates of our Annual Convention to accomplish this vote. Please be on the lookout for information regarding this event. I would ask you to take this seriously so that we can effectively transition the leadership of the TMBA in an efficient manner.

I appreciate your continued support of the TMBA this year. We have been very careful and judicious in our budgeting in recent years and will make it through this COVID-19 event accordingly. Our work is not done. Our committees will march forward on their efforts to ensure mortgage banking in Texas remains healthy, efficient, and accessible for Texans for many years to come. Most importantly, I encourage you to take your health and that of your families first, and we can all look forward to finding a time to be together again later this year.

All the best,

Trey Worley
TMBA 2019-2020 President
